

Executive Board Candidate Profile

Antoinette Taylor, PhD

Exceptional Needs Consultant

How will your participation on board help to advance DEC's Mission for inclusion and equity?

My participation on the board will help advance DEC's mission for inclusion and equity by working diligently to move and expand its current initiatives on inclusion and equity among DEC's current membership, broad outreach to potential members, as well DEC's cross systems stakeholders throughout the entire early childhood community.

Describe your connection to the DEC community and the children, families, and professionals we support.

My connection to the DEC community and the children, families and professionals we support includes consulting with policymakers, professionals, districts, programs, and agencies to advocate for, and support the entire DEC EI/ESCE Community. Additionally, I work with business communities, support groups, community-based organizations, and faith-based communities to advance DEC's mission.
